Questions to consider

1. What are you trying to accomplish with your collections?

2. How are you hoping to use Analytics to further those goals?

3. What specific questions do you want Analytics to answer?
What are you trying to accomplish?

• Support faculty research & teaching?
• Provide access to fragile manuscripts?
• Increase local interest in local history?
• Preserve a record of a unique dialect?
Learn by Example...Josh Wilson!

[turn over to Josh]
How can Analytics help?

• Drive SEO?
• Drive choice of new digitization projects?
• Justify funding?
• We’ll find out when we’ve got more data!
What questions do you want to answer?

• What are our most popular collections?
• What are our most popular items?
• Who’s looking at our materials?
• Where are our visitors located?
• Whatever we can!
