Re: Annual Report

The Academic Planning Committee is a systemwide planning committee and is part of the Administrative, rather than the Faculty, Organization of the University. The Committee spent virtually all of 1991-92 developing a proposal for a new systemwide Committee, one that would replace both Academic Planning and the System Academic Policy Coordinating Committee (another administrative committee). This proposal was formally presented to the President on 27 April, 1992. At the time of this Report (May 92), it is not known what action, if any, the President shall take regarding the proposal. Persons interested in the proposal should feel free to contact the past Chair, Dan Sabia (GINT).

The Committee elected Professor Gerald Cowley (BIOL) its Chair for the 1992-93 AY.
