The committee heard one appeal during the fall semester of the academic year. This meeting was held in Thomas Cooper Library in the Main Floor Conference Room over several days to accommodate committee member schedules.

No additional meetings were held.

Bill Sudduth, chair, did attend the December and May meetings of the Academic Integrity Advisory Committee and participated in the search for the new director of academic integrity.

An issue that needs to be addressed is the availability of student membership on the committee particularly the appointment of the full complement (two) of graduate students.

At the date of submission the current committee members have been unable to elect a new chair.

Respectfully submitted,

Bill Sudduth, chair
