

## UNIVERSITY OF SOUTH CAROLINA

COLUMBIA, S. C. 29208

DEPARTMENT OF PHYSICS AND ASTRONOMY

June 21, 1985

MEMO TO: Professor Richard G. Silvernail  
Secretary to the Faculty Senate

FROM: Edwin R. Jones, Jr., Professor  
Chairman, University Patent and Copyright Committee

RE: Annual Report 1984-85

During the year ending May 31, 1985, the University Patent and Copyright Committee considered three matters involving Copyright Policy and two requests for category classification under the Patent Policy.

The Committee's recommendations to the Provost were as follows: one of the copyright matters was classified as non university-commissioned work; two of the copyright matters were classified as university-commissioned works; one of the discoveries/inventions was determined to be within Category 2 because the inventor had received substantial outside support; and, the other discovery/invention was determined to fall within Category 1.
