Memo to: John L. Safko
From: Bruce E. Konkle, chair, *PK*
Scholastic Standards and Petitions Committee,
Continuing Education
RE: 1991-'92 Report

The committee was not requested to act on any student petitions this year by Continuing Education.

I believe I rotate off of this committee this year after serving on it for the past three years. I have served as chairman the past two years. If asked to serve for additional terms, I will be happy to do so. Obviously it has not been an active committee but we rely solely on receiving petitions from students and, to date, we haven't received any.

If you have additional questions concerning the action (or inaction) of this committee, please contact me at 777-6284.
