

MEMORANDUM

TO: John L. Safko, Secretary, Faculty Senate

FROM: R.M. CHASTAIN

SUBJECT: Tenure Review Board

DATE: 28 May 1992

The Tenure Review Board did not meet during AY 1991-1992.

I was unaware that I was the Chair of the Board until receiving your memo of 15 May 1992. I assume that you or someone decided I was due to my having served three years on the Board. In all events, my three years have been most uneventful, since the Board to my knowledge never met during that time. Just as I had no knowledge that I was the Chair last year, I have no idea who the Chair is for the next academic year. If you think we should try to have a meeting in order to determine one, I can see if we can get together; however, given the murderous workload of the Board over the last three years, it would seem to me that if occasion were to arise which would require Board action (and a couple of us did worry a little about former President Holderman's situation last year) the members could at that time choose a Chair.

This concludes my report.
