Curriculum and Courses Committee (1989-90)

RE: Annual Committee Report 1989-1990

This was a rather busy year for the committee, as evidenced by the following totals:

- 1. New courses ..... 66
- 2. Changes in number, credit, prerequisites, description ... 131
- 3. Course deletions ..... 39
- 4. Curriculum changes ..... 10
- 5. New program ..... 1
- 6. Experimental courses ..... 10

In addition to the above, the Committee - in cooperation with the Standards Committee - made changes to all undergraduate independent study course descriptions. The change was to add to the course description the requirement for a contract as mandated by the Senate.

In view of the continued inadequate budgets, the Committee also closely inquired into sources of funding for new courses and programs.

I would like to thank the Committee members for their devotion to duty during the year, despite the large workload.

Particularly deserving of thanks are the two staff persons in the Senate office - Peggy Pickels and Jeanna Luker - who graciously brought order out of much chaos.
