

**COMMITTEE ON CURRICULA AND COURSES  
ANNUAL REPORT  
2007-2008 ACADEMIC YEAR**

Members of the committee: Ina Rae Hark (ENGL), Chair, Roberta Copp (LIBR), Robert Castleberry (Regional Campuses), Karen Heid (ART), Douglas King (LIBR), and Gail Wagner (ANTH). The latter two members during the year replaced John Voris (PHARM), who was discovered to be technically ineligible to serve on the committee, and Barbara Oswald (Continuing Education), who took maternity leave. Serving ex-officio were Aileen Trainer and Helen Doeringhaus from the Provost's Office and James Buggy of the Graduate School. The committee mourns the passing of past Graduate School representative Anthony Edwards.

In the 2007-2008 academic year, the C&C committee reviewed and sent on to the Faculty Senate 391 proposals for course and curriculum changes. This was a roughly 30% increase from activity in the previous year.

In addition to handling items submitted to it, the committee engaged in discussions about its role in the approval of telecommunication delivery proposals and provided feedback to the Provost's office on the best ways to streamline and regularize paperwork and forms required for its activities and to make correct procedures easily locatable on the web for units.

The committee elected Professor Gail Wagner as chair for the 2008-09 academic year.

The committee wishes to thank Jeanna Luker for her hard work and eagle eye in tracking, disseminating and reporting on the business of the committee and the copious amount of paperwork they generate.

Respectfully submitted on June 24, 2008 by

Ina Rae Hark, Chair 2007-08
