

FACULTY ADVISORY COMMITTEE REPORT

The Faculty Advisory Committee recommends that the following clarification of the rules of eligibility for faculty committees be adopted by the Faculty Senate: That a new paragraph be inserted on page thirteen in the section "FACULTY COMMITTEES" after the first paragraph, ending "... There shall be no proxy in case of absence.", and before the next paragraph, beginning "No member may succeed...". The new paragraph should read:

The members of all faculty committees, whether elected or appointed, shall be regularly appointed faculty members and professional librarians unless there is a specific provision to the contrary. Faculty members shall be from academic units properly concerned with the functions of the committee.
