

**Resolution - Confederate Flag**

Resolved by the Faculty Senate of the University of South Carolina on Wednesday, 1st December, 1999:

That the members of the Faculty Senate of the University of South Carolina express a collective belief that the continued display of the Confederate flag above the State House of the State of South Carolina is detrimental to the mission and ambitions of the university, <sup>and</sup> the Confederate flag should be removed from the top of the South Carolina State House by the end of the legislative session.
