MEMORANDUM TO: John N. Gardner, Secretary of the Faculty

FROM: Kevin Lewis, Interim Chairman, Student Affairs Committee

RE: Annual Report RL

Again, the Student Affairs Committee devoted itself to one major item of business this year. Taking up where it left off in the Spring of 1982, the Committee spent most of the Fall Semester working with the Division of Student Affairs, Student Government, the Faculty Advisory Committee, the Chairman and concerned members of the Faculty Senate to make further acceptable revisions in the student judicial system involving social misconduct proposed originally by the Presidential Task Force on Student Discipline. The Committee's work culminated successfully with the approval by the Faculty Senate of the duly amended New Student Social Discipline System at its December meeting.

I wish to thank all parties to the extended deliberations which resulted finally in the action taken by the Senate in December. The much needed new system is to be implemented as of July 1, 1983.
