

REPORT: COMMITTEE ON SCHOLASTIC STANDARDS AND PETITIONS

(For consideration by the Faculty Senate at the meeting on April 5, 2017)

Proposed changes to the effective date for Transfer GPA change

Requested by the University Registrar, February 16, 2017

Rationale for Proposed Changes:

The initial change to the Transfer GPA policy in the Undergraduate Bulletin was approved Fall 2015 by Faculty Senate, but the implementation was delayed by technical issues. The proposed change (highlighted on p. 2) updates the effective date to reflect the revised implementation timeline.

<p>Transfer Credit</p> <p>Students transferring to the University from another college or university must, before enrolling in class at the University, have their transcripts evaluated by the University. It is only in the light of such evaluation that students will know definitively the transferability and equivalency of each transfer course. Degree applicability will be determined by the college or school in which the student is enrolled.</p> <p>Transferability refers to the conditions under which the University accepts credit for inclusion in the student's record. Transfer courses must have been taken at a regionally accredited post-secondary institution, or, if taken at a foreign post-secondary institution, have been recommended by a NACES - member external evaluation service. Coursework classified as remedial by the University will appear on the student's record, but will not be used to determine admission eligibility or a transfer GPA. Exceptions to this rule may be made by the Office of the Registrar when state scholarship eligibility rules require inclusion.</p> <p>Equivalency entails equating transfer credit, both in hours and content, to University of South Carolina coursework. The Registrar's Office works with USC colleges and schools to coordinate the process of transfer evaluation to equate transfer courses directly to courses in the USC course catalog; to subject codes which represent subjects not offered at USC; or to subject codes that identify courses as remedial/technical/non-accredited</p>	<p>Transfer Credit</p> <p>Students transferring to the University from another college or university must have their transcripts evaluated by the University before enrolling in class at the University. Applicability of credit toward a degree refers to the prerogative of academic divisions to count specific credit toward the fulfillment of a student's degree requirements. The student's college or school of enrollment is responsible for determining applicability.

However, a transfer course is not applicable towards any University of South Carolina academic program or degree if:

1. The transfer course was essentially remedial in nature (example: Developmental English).
2. The transfer course was occupational or technical in nature (examples: welding, paralegal, or radiography courses).
3. A grade lower than 2.0 on a 4 point scale, or equivalent, was earned in the transfer course.
4. The transfer course was taken by a degree-seeking University of South Carolina student without prior approval as described in the Earning Credit in Transient Status section of this bulletin.
5. The transfer course was taken while a student was on an academic suspension from the university.
6. The student **received any grade other than W** in an equivalent course at this university, unless the student was enrolled full time at least one year at the transfer institution.

Exceptions to the rules of applicability may be made only by petition to the dean for undergraduate studies of the College or School in which the student is majoring.

Effective Fall 2016 for all newly admitted and readmitted students, transfer grade points and GPAs will no longer appear on the USC record. Transfer course equivalencies, grades, attempted hours, and earned hours will appear on students' advising transcript in Self Service Carolina, while only transfer earned hours will appear on the official transcript.
