

MANAGEMENT SCIENCE
THE DARLA MOORE SCHOOL OF BUSINESS

MEMORANDUM

TO: Dean Farid Sadik, College of Pharmacy

FROM: Gary Reeves – Darla Moore School of Business
Chair, University Scholastic Standards and Petitions Committee

DATE: February 15, 2001

SUBJECT: Scholastic Standards Change Request

The Scholastic Standards and Petitions committee has approved the attached scholastic standing change request. I am forwarding it to Faculty Senate for further action.

Cc: Peggy Pickels, Faculty Senate Office

Foreign Language Requirement Two years of high-school foreign language or its equivalent are required for University admission.

All prepharmacy courses (except electives) must be passed with a minimum grade of C.

Professional Pharmacy Program (third college year)

Admission to the professional program is limited, and only the most qualified students, as determined by the Admissions, Scholastic Standings and Petitions Committee of the college, will be accepted.

All students who wish to enter the professional program from other schools, colleges, or universities must submit a completed College of Pharmacy application form no later than Jan 15 of the year in which fall semester admission is desired. The application must be accompanied by a statement of good character, signed by a pharmacist, physician, or teacher; and transcripts to reflect all college-level studies, to be updated as necessary. Personal references and interviews may be required. Interested persons should contact the associate dean of the College of Pharmacy for application forms and advisement at the earliest possible date. Transfer applicants from other colleges and universities must also apply to the University of South Carolina and fulfill general transfer admission requirements.

Applicants seeking admission into the professional program must have successfully completed the first and second college-year courses (or their equivalents) listed below prior to enrolling for the first semester of the professional program.

Acceptability of applicants' qualifications, and their admission status, will be determined by the Admissions, Scholastic Standings and Petitions Committee of the college.

See curriculum outline for prepharmacy years.

Graduation A grade of C or higher in all cognate* and professional courses and a cumulative grade point average of 2.00 or higher are required to graduate.

*CHEM 111,112,333,331L,334, and 332L; ENGL 101 and 102; MATH 122;ECON224;PHYS201 and 202;STAT 201;BIOL 101, 101L,102,102L,and 260; and PSYC 101.

NEW

Foreign Language Requirement The student shall demonstrate foreign language competency by scoring a 2 or better on a USC foreign language test. Those failing to do so must consult their advisor and satisfactorily complete equivalent study of foreign language at a university level.

All prepharmacy courses must be passed with a minimum grade of C.

Professional Pharmacy Program (third college year)

Admission to the professional program is limited, and only the most qualified students, as determined by the Admissions, Scholastic Standings and Petitions Committee of the college will be accepted.

All students who wish to enter the professional program must submit a completed College of Pharmacy application form no later than Jan 15 of the year in which fall semester admission is desired. The application must be accompanied by two letters of recommendation, official college transcripts to reflect all college-level studies (to be updated as necessary), and a written personal statement by the applicant concerning their aspirations for becoming a pharmacist. Personal interviews may be required. Interested persons should contact the Associate Dean of the College of Pharmacy for application forms and advisement at the earliest possible date. Transfer applicants for the professional program from other colleges and universities must also apply to the University of South Carolina and fulfill general transfer admission requirements.

Applicants seeking admission into the professional program must have successfully completed the first and second college-year courses (or their equivalents) listed below prior to enrolling for the first semester of the professional program.

Acceptability of applicants' qualifications, and their admission status, will be determined by the Admissions, Scholastic Standings and Petitions Committee of the college.

Graduation A grade of C or higher in all prepharmacy and professional courses is required (see curriculum outline). A cumulative grade point average of 2.00 or higher is required to graduate from the professional program.
