EDITORIAL

The Forty-third Annual Meeting is approaching! Again we shall enjoy the hospitality of the Charleston librarians—and some of us shall look forward to the walk from the Francis Marion Hotel down King Street to The Battery—usually after the banquet Friday night!—a long walk, but still a refreshing one! To all who helped, in any way, in planning and carrying out this Annual Meeting, we give our thanks.

The theme: “To Preserve from the Past and To Persevere for the Future” is an interesting one, and the programs for the General Sessions, Banquet, Sections and Special Luncheons appear most interesting and helpful. We express our thanks to Miss SUSIE N. McKEOWN, President-elect and Program Chairman for her efforts—and those of her colleagues in arranging the fine programs. And to all others who helped in any way we are grateful: Mrs. BETTY MARTIN, President for 1964; Chairman and members of the LOCAL ARRANGEMENTS, HOSPITALITY, EXHIBITS, and REGISTRATION committees; the EXHIBITORS—for whom we are continually thankful.

We salute and thank the leaders in NATIONAL LIBRARY WEEK—1964: Mrs. ELIZABETH C. WELBORN, Executive Director; Mrs. BEVERLY R. ULMER, Assistant Executive Director; and Mrs. DONALD S. RUSSELL, Honorary State Chairman; and all who helped them in this annual task.

To JOSEPH RUZICKA we give our annual appreciation for printing the SOUTH CAROLINA LIBRARIAN and the programs for the Annual Meeting.

Let us preserve and persevere!

MESSAGE FROM THE PRESIDENT

Congratulations to you all! Through your efforts SCLA membership has increased by 46% As of September 1, the number of members stands at 399. Let’s keep up the good work, and, who knows, maybe to be a librarian in South Carolina will soon be synonymous with being a SCLA member. And as our membership grows we shall all want to make some contribution to the activities which will enable our organization more adequately to meet our needs and to promote our objectives.

We can all point with pride to two of our members who have labored long and diligently in fulfilling their SCLA obligations: Mrs. Elizabeth Welborn, 1964 National Library Week Executive Director and Mrs. Beverly Ulmer, Assistant Director. Their capable leadership and your willing cooperation has resulted in many projects and plans which I am sure stimulated an increased awareness of library services and needs.

SCLA SCHOLARSHIPS

By Miss Lois Barbare, Chairman

The Scholarship Committee has announced that a scholarship in the amount of $1600.00 will be made available by the South Carolina Library Association in June, 1965. The committee is now ready to receive applications.

The candidate must be or have been at one time, a citizen of South Carolina, under 45 years of age. He must have had two or three years of successful and significant experience in library work, with an educational background and personal qualifications that indicate a potential for leadership in the library profession. The funds must be used for a year of uninterrupted study in a graduate library school accredited by the American Library Association. Preference will be given to a candidate for study beyond the master’s degree, but candidates who plan to work for a master’s degree will be considered. The applicant must be recommended by a professional librarian, prefer-
ably a supervisor who is familiar with his work and his potential for advancement. The recipient must return to the state for a period of two years following the completion of his study or repay the amount of the scholarship, plus interest.

To apply for the scholarship, the applicant will file a letter of application giving biographical and complete educational information, complete work record, and a letter indicating provisional acceptance to a library school. He will supply, also, the names of at least three references, not relatives. The application should be sent to Miss Lois Barbare, Chairman, SCLA Scholarship Committee, 1614 Senate Street, Columbia, South Carolina. Applications and assembled recommendations will be reviewed by Miss Nancy Jane Day and Miss Jessie Ham, the other committee members. Final recommendations of the committee will be given to the SCLA president for final approval of the Executive Committee.

Motion carried.

May 16, 1964: Heard the Treasurer report that membership stood at 385, and balance on hand of $1,627.91; Miss MENOHER report that 20 librarians attended the College Section Workshop in Charleston in April; moved that the Legislative Committee be asked to make a study of the problem concerning action of the S. C. Tax Commission relative to tax on library books and report findings to the Executive Committee; moved that the report of the Scholarship Committee be accepted and that the Scholarship Committee be instructed to take the steps necessary to implement its own recommendation; heard that Miss MADE DOWTIN had been appointed chairman of the committee to study the feasibility of organizing a Special Libraries Section for SCLA, assisted by Miss FRANCES C. STEWART; moved that the statement in the March 14 Minutes relative to mileage for committee meetings should not be construed to include any meeting in connection with the Annual Meeting of SCLA; heard Mrs. CATHERINE LEWIS, chairman of the Planning Committee, report that Mrs. MARGARET SEAY will serve as Chairman of the Committee on Formal Instruction for Librarians; moved that the Planning Committee chairman appoint a special committee other than the Planning Committee, to study the recommendations in Item IV of the Planning Committee as stated in the March 14, 1964 Minutes.

ORINS VISITED IN MAY, 1964
By Ray S. Barker, Reference Librarian, McKissick Memorial Library, University of South Carolina

Librarians from fourteen states and Puerto Rico converged on Oak Ridge, Tennessee, May 6 for a seminar for librarians of ORINS sponsoring institutions. Sixty-one librarians registered on May 7. The seminar was well organized to the most minute detail. The time was completely filled. The speaker and guides for each session were, with few exceptions, the chief or head of the division we were visiting. We were not there for fun; there was much to be learned and the entire time was devoted to learning about the operations of the Oak Ridge Institute of Nuclear Studies, the Oak Ridge National Laboratory, and the Atomic Energy Commission, Division of Technical Information Extension.

Thursday morning we got up and had breakfast before boarding buses which took us to the ORINS Library, where we registered. Dr. William G. Pollard, Executive Director of ORINS, welcomed us to Oak Ridge and ORINS, and explained the operations and the programs of ORINS. After a tour of the ORINS Library, we boarded the buses and went to the American Museum of Atomic Energy. An excellent guide conducted the tour of the museum and demonstrated the gadgets with the help of "volunteers."

Again we boarded the buses and returned to the motel where we had lunch. After lunch, Dr. Harold T. Byck, Head of Information and Exhibits Division, ORINS, told of the work of his division. He discussed the traveling exhibits and told of the exhibit to be presented at the New York World's Fair.

After lunch, we again boarded the buses and returned to the ORINS Library. Miss Marion H. Garber, Associate Supervisor, ORINS Library, and Miss Margaret L. Pflueger, Chief Information Section, Reference Branch, DTIE, discussed the work of their libraries, and answered questions from the visiting librarians.

The only time provided for socialization was a reception in the Conference Room of the ORINS Administration Building. The hour was well filled with conversation to make up for the times of limited conversation. The hour was all too brief. We adjourned to the buses and returned to the motel where we had dinner. The speaker at dinner was Dr. Alvin M. Weinberg, Director of the Oak Ridge National Library. Incidentally, Dr. Weinberg is to be one of the speakers at ALA in St. Louis this summer.

Friday morning, we boarded buses for a tour of the ORNL facilities after an introductory welcome and speech by Dr. Francois Kertez, Assistant Director, ORNL, TID. We visited three special "Information Centers." The centers have quite specialized collections as the centers were in most instances developed in connection with specific projects and became large enough to justify increasing numbers of staff members, and appropriations to maintain the centers. ORNL also has a central library with a collection of books and periodicals, etc.

After lunch in the ORNL cafeteria, we were shown the original carbon reactor which was retired from active service on its 20th anniversary. Then we were shown the swimming pool reactor which is the latest in reactors.

Back on the buses, we traveled to the Atomic Energy Commission, Division of Technical Information Extension, where Dr. Alden Green explained the intricacies of DTIE. This was followed by a walking tour of the facility. During the tour, we traced the progress of an AEC document from conception to printed form and the microcard and microfiche reproductions of the document. A wrap-up was held in the DTIE library and we then adjourned to the motel to dress and board buses that were to take us to the hotel for dinner.

After dinner, Dr. Pollard spoke on "The Language of Life." Dr. Pollard discussed the role of the Amino acids and touched on possibilities of life on other planets, and the possibility of adaption between the types of life. After the talk, we were taken to the motel and the seminar was ended.

Sixty-one weary librarians bade fond farewell to fellow members of the group and to the hostesses, Miss Markle and Miss Garber, and to the hosts from the "Public Relations Division" who had done a wonderful job with seeming ease.

MISS McKINNON RESIGNS AT COKER COLLEGE

Miss Roberta E. McKinnon resigned in April 1964, as head librarian of Coker College, and Mrs. Elizabeth C. McNair has been appointed to succeed her.

Miss McKinnon was granted a year's leave of absence.
last June. At the same time, Mrs. McNair, the college's assistant librarian, was named acting librarian for the interim. With two secretarially-trained assistants added to the library staff in the meantime, no further staff appointments are planned, according to Coker President Fenton Keyes, who announced the staff change.

Miss McKinnon requested her leave so that she could devote full time to personal business. In her letter of resignation she stated that "it will be necessary for me to continue working with family business affairs."

Coker's new head librarian is a native of Hartsville and a Winthrop College graduate. She also holds the A.B. degree in library science from the University of Oklahoma. Acting librarian at the college once before (1940-41), she was appointed assistant librarian in 1958. For the preceding eight years she served as Hartsville High School librarian. Before that she taught in the Hartsville public schools. She is the wife of Hartsville business man A. Mortimer McNair. Her parents, Mr. and Mrs. J. Daniel Coker, are long-time residents of Hartsville.

Miss McKinnon, also a native of Hartsvillian, is a Coker graduate who joined the college staff in 1954 as an assistant in public relations. The next year she was named head librarian. Holder of a B.S. in library science from the University of North Carolina, she has filled state and national library association posts.

In accepting Miss McKinnon's resignation, President Keyes expressed appreciation of her "not only as an outstanding alumna but as a creative staff and faculty member without whose many contributions Coker's academic program would not have proceeded as smoothly as it has."

He also welcomed Mrs. McNair as "a thoroughly qualified successor who—fortunately for Coker—has already proved her worth on the campus."

COLLEGE SECTION MET IN CHARLESTON
April 10-11, 1964.

20 college and university librarians met in Charleston April 10-11, for a meeting on archival materials. Mr. E. L. Inabinett, Librarian, South Caroliniana Library, University of South Carolina, spoke Friday afternoon in the Charleston County Library, showing some methods of preservation of archival materials. Dinner was held in the Francis Marion Hotel, after which the group visited a Bindery of the Gibbes Art Gallery, and saw a film on the restoration of the Coventry Cathedral. Saturday morning the group had a business session and heard a talk by Dr. Joseph I. Waring, of the Medical College of South Carolina on the Medical College Library; visited that library, the libraries of the Charleston Library Society and the Historical Society of South Carolina, and adjourned after a tour of St. Michael's Church, including a visit to the belfry!

THE LIBRARY OF THE MEDICAL SOCIETY OF SOUTH CAROLINA

By JOSEPH I. WARING, M. D.
Charleston, South Carolina

On the unlikely day of Christmas Eve of 1789 a number of the medical men of Charleston gathered to form the Medical Society of South Carolina, a society intended to be statewide, but because of difficulties of travel of the day, remaining essentially a Charleston institution. While it included members from adjacent parts of the state, eventually it assumed the functions of a county medical society. The organization still survives and functions now chiefly in its trusteeship of Roper Hospital.

In 1791, very shortly after the founding of the Society, two members, Drs. Robert Wilson and Samuel Wilson, presented seventeen titles (somewhat more in terms of volumes) to form the nucleus of a library. Twelve other volumes came promptly from the library of Dr. Tucker Harris, and the Society appropriated 50 pounds sterling to enlarge the collection.

There was no library room available; the Society was used to meeting first at the homes of its members and later at various taverns and had no hall of its own. For a time the books were put in the care of Mr. W. P. Young, a bookseller on Broad Street, and later were kept in the house on Broad Street, where for a while the Society held its meetings. Donations were added from time to time and the Society, as it grew more active, continued to appropriate funds for the purchase of books. Among the books purchased were $600 worth of French editions in 1815.

Minutes of the Medical Society of 1793 recorded an intention to publish a list of the books, and a "complete and more correct catalogue" was recommended on May 2, 1796. No copies of these lists seem to have survived. However, in 1806 the Society published 25 copies of a booklet containing its constitution and by-laws and a catalog of its books and continued to produce subsequent similar editions up until the last known one of 1850. The catalog of 1806 listed 483 books: 19 folios, 36 quartos, 320 octavoes, 11 duodecimos, and 7 pamphlets. The number grew to about 1400 by 1826, 2398 by 1850, and eventually reached what was probably the peak number of 8000 in 1913. Among the donors over the years were Dr. Charles Caldwell of Philadelphia, Dr. Coffin, Dr. Chazal, Dr. Lawrence Smith, Dr. Gaillard, Dr. J. L. Dawson, and others.

At one time a project to unite with the Charleston Library Society in the erection of a building and in supporting the services of a librarian was proposed, but this scheme did not materialize. However, Mr. Davidson, librarian of the Charleston Library Society, had charge of the books of the Medical Society for some years.

When the Medical College of South Carolina was established in 1824, the library was moved to the college building and remained there for many years up to the time of the Civil War. There it suffered serious depredations after the occupation of Charleston by the Union forces, presumably by the federal surgeons, who might be the only people like-
ly to be interested in medical books. At any rate some 300 books were removed and never returned, though the rest of the library was put back in the hands of the Society after the occupation of Charleston was over.

The library was now moved to Panknin's Drug Store, on Meeting Street below Market Street, and subsequently to the first Roper Hospital building on Queen Street. There it remained until the earthquake of 1886, when it suffered further damage. When the hospital was closed because of its dilapidated condition, the books returned to the Medical College building on Queen Street and eventually, when a new Roper Hospital building was opened on Calhoun and Lucas Street in 1906, the library was transferred to its Medical Society Hall. There and elsewhere it had suffered from general neglect and the ravages of uncontrolled insects and the personal cupidity of casual visitors.

Many of the books were moved into the new Medical College building on Lucas Street when it was opened in 1915 and its own library was established. In 1922 Dr. Fielding Garrison of the Surgeon-General's Library visited Charleston and took with him, by permission of the Society, a considerable number of the more desirable older books. After a time there arose the question whether these had been a gift or a temporary or permanent loan; after some seven years of correspondence and negotiation, the books eventually came back to Charleston.

In 1929 the books were repaired rather ineptly by a team of workers from the W.P.A. as a wartime project.

When the new Roper Hospital building was completed in 1906, most of the books were moved from the older building into the new Medical Society's hall; some were stored in the basement of the hospital and in various cubbyholes. There again they suffered much damage and neglect.

Most of the books have now been transferred to the Library of the Medical College of South Carolina some still remain in Roper Hospital. Until this year the books have been solely the property of the Medical Society of South Carolina, but an agreement has been effected with the Medical College whereby the books will be considered as a permanent loan to the college and will be kept as a separate collection in the new library now planned.

Many of the books are in very bad condition. There are many old classics in medicine and a representative collection of medical books of the late 18th and early 19th century. There are apparently no great rarities among them but they offer an interesting field of material for anyone concerned with the medicine of the times represented. No attempt has been made to keep all of the books that have come to the library over the years, and in recent times a great many volumes have been discarded as having no lasting interest or real value. There has been no addition of current medical material. The library has now only an historical value.

Footnote: Printed catalogs of the Library for 1806, 1820, 1826, 1834, 1842, and 1850 are in existence. ART EXHIBIT AT LIBRARY RECEIVES MANY VISITORS

By Mrs. J. G. Stevens

In observance of National Library Week, April 12-18, the Berkeley County Library held a reception and open house on Sunday afternoon.

Berkeley County artists were asked to exhibit their work and many responded, placing oil colors, water colors, crayon, ceramics, photo tinting and silk screen work.

The library has a long history in this county, stemming from the old Pineville Library Society and a later library in Pinopolis. Books in the present library cover varied subjects in 15,000 volumes on its shelves. Caroliniana fiction and references number 516.

There is a locked case of first editions, which were contributed by the late H. R. Dwight. Among them is McCrady's History. Other contributions have been made by
Mrs. W. K. Fishburne, Mrs. N. G. Roosevelt, E. von S. Dingle and the late R. M. Cain. Some of the books that remained from the Pineville library and Black Oak Library Society were among these gifts.

The present building was started in January of 1938 and completed that year. The material was brought from the village of Pinopolis, having been part of the old Pinopolis Academy, which was established in 1896 with Virgil C. Dibble as the first principal. It was remodeled in 1911 and used until the school was combined with Moncks Corner school and other schools in the whole surrounding district consolidated. First, in removing the building, only the 1911 building was used to be rebuilt in Moncks Corner for the library. The old Academy building remained on the lot and was purchased by F. K. Bull, who incorporated that part into his present residence.

Exhibitors of art are John Waddill, who was in charge of placing; E. von S. Dingle, Mrs. Alberta Ellington, Mrs. W. M. Bonner, Mrs. Geo. Jacobs, Rev. George Jacobs, Will Sullivan, Dave Dean of Myrtle Beach, Art Bray, Rev. Larry Bray, Don Gowder, Mrs. K. Y. Myers, Mrs. W. T. Baggett, Jr., Margaret S. Stevens, Mrs. Lilo Crayton, Gaillard Originals, Agnes Gaillard Jacobs, and Samuel Gaillard.

The Berkeley County Home Demonstration Clubs council served tea and refreshments to the visitors out on the lawn behind the library.

**MRS. MURRAY AND THE FISHBURNES RESIGN FROM ACTIVE LIBRARY WORK**

**BRIEF HISTORY OF LIBRARY GIVEN BY BOARD MEMBERS**

At the June, 1964, meeting of the Board of Directors for the Berkeley County Library, Mrs. M. M. Murray presented her resignation as President of the Board. Her resignation was reluctantly accepted and Miss Marie Harvey was nominated and elected to serve as President.

At the same meeting, Dr. and Mrs. W. K. Fishburne asked to be relieved of their duties as active directors. After some discussion and the consent of Dr. and Mrs. Fishburne to become honorary members of the Board, and to continue to attend the meetings and help guide the destinies of the library, their resignations were accepted, also.

These three persons have continuously given unstintingly of their time and talents for over thirty years in order to establish and maintain a library in the county.

Many other civic-minded citizens over these years also have worked very hard, so that now the Berkeley County Library is considered one of the best small libraries in the State. It would be impossible to name all of them, but they have the sincere thanks of all of us who are interested in our library.

In the summer of 1934, several individuals led by Mrs. N. N. Newell and Mrs. Arthur H. DeHay, established a Reading Room for the public. Mrs. DeHay gave of her time during the summer but had to return to the school room in September. The Reading Room was closed and although the facilities were so meager, the Reading Room was sorely missed.

In 1936, the Home Demonstration Agent, Miss Leona Hewitt (now Mrs. L. H. Harvey) held a meeting with representatives from the various organizations and civic groups of the county at which time the needs of the library were discussed.

At this meeting a Steering Committee was nominated composed of Dr. Fishburne, Miss Hewitt, and Mrs. Murray, to investigate the possibility of organizing a library as a community project. The various organizations immediately became interested and two rooms over Barron’s Store on Main Street became the first home of the Berkeley County Library, with approximately 300 volumes donated by friends or purchased with money furnished by various public minded citizens.

During the summer of 1936 the Berkeley County Library Association was formed. Mrs. M. M. Murray was elected President; Mrs. W. K. Fishburne, Vice President, and Miss Marie Harvey, Secretary-Treasurer.

During the month of June, 1937, the Library was moved into rooms furnished by the Berkeley Grammar School, but continued to be a separate function apart from the school system and was operated for and open to the general public.

As the circulation of books increased, the necessity of having a library building was always before the Association. At a meeting of the Association in November, 1937, the following were elected Trustees: G. K. Bonnoitt, Chairman; Dr. W. K. Fishburne, Mrs. M. M. Murray, Francis M. Kirk and Miss Marie Harvey.

A charter was applied for and the Berkeley County Library became an eleemosynary corporation shortly thereafter.

The next question was how and where to obtain the funds with which to find a lot and purchase building materials, as the W.P.A. work project in Berkeley County would provide most of the labor necessary to build the library.

The lot was donated. As the Pinopolis public school had been closed this building was donated. By various ways, due only to the hard work of the trustees and members of the Library Association, enough material was finally assembled to finish the library building and to purchase equipment.

In August, 1938, the library books were moved from the schoolhouse into their new home; and the Berkeley County Library was formally dedicated on November 10, 1938.

At the November, 1938, meeting of the Library Association, the following officers were elected:

President, Mrs. M. M. Murray; Vice President, Dr. W. K. Fishburne; Secretary-Treasurer, Miss Marie Harvey; and, Chairman of the very important finance committee, Mrs. W. K. Fishburne, Mrs. A. W. McCants was elected Chairman of the Book Committee and Mrs. E. G. Carpenter, Chairman of the Publicity Committee.
These officers worked unceasingly to obtain money with which to purchase books and meet all of the obligations that are necessary in running a library.

Each year since the beginning Mrs. Murray has been re-elected president, Dr. Fishburne, vice president, and Miss Harvey, secretary-treasurer.

The County Delegation, realizing the importance of the Library to the citizens of the county, especially students, appropriated certain funds to help the library to function and has continued to do so each year.

In 1947, there were 5,125 volumes in the Library, with a circulation of 4,900. At one time there were deposits of books in different sections of Berkeley County for the convenience of the residents.

In 1948, the circulation of books continued to expand and the demand for service was so great in different sections of the county that again Mrs. Murray and Dr. and Mrs. Fishburne went to work and with the cooperation of the County Delegation and the Council of Farm Women, were able to purchase our first Bookmobile. This small red bookmobile served the county until the year 1962 when the present and much larger bookmobile was purchased and put into service.

In January, 1955, a Branch Library was opened in St. Stephen.

As the Hanahan section of Berkeley County has grown so much a Branch Library was offered them in 1961 and again we are offering to establish one there. To obtain a Branch, it is necessary for the community to furnish the room or building, and utilities.

Over a period of years, our Librarians have changed. Following are the names of the persons who kept the library functioning over the years: Miss Julia Kirk, who served 18 years; Mrs. J. H. Dangerfield, 16 years; Miss Emma Ritter, Mrs. Georgie Adams, Mrs. Marion Rudloff, Mrs. Imel McCants, Mrs. George Gowder, Miss Joyce Mitchum, and Miss Frances McKnight.

The library now has 19,776 books, and a circulation of 22,578 from the Library itself, and 34,667 from the Bookmobile during the last fiscal year.

All through the years, whenever anything has come up concerning the Library, the names of Mrs. Murray and Dr. and Mrs. Fishburne have always been at the top of the list of workers, and largely due to their vision, their hard work and their ability to never take "no" for an answer, the Berkeley County Library is one to be very proud of.

The directors who were recently elected are: President, Miss Marie Harvey; Vice President, Mrs. Arthur Orvin; Secretary Treasurer, Mrs. A. H. Kennedy; Mrs. M. M. Murray, Mrs. Ira Cox, Sr., Mrs. M. M. MacLennan, Mrs. M. F. Winter, Mrs. Moultrie Ball, and J. Russell Cross, directors. Mrs. Kennedy and Mrs. Ball are new.

(The Berkeley Democrat, July 15, 1964)
The Greenville County Library still has many needs. Continuing its emphasis on securing professionally trained personnel, it participates in the State Library Board’s intern and graduate scholarship programs which are successfully increasing the supply and upgrading the skills of library personnel throughout the state. Its Head Librarian, Charles Stow, hopes to build a book collection which will meet American Library Association minimum standards of one volume per person in the County. And a new public library building is one of the County’s most obvious, indeed, one of its most desperate, needs.

“But we can give good service under adverse conditions,” Mr. Stow said this week. “With a small collection and a good staff we can give good service. And our primary purpose is to give good service to every patron in Greenville County.”

One of the prime factors in bringing about the Library’s progress has been its intensely active Friends of the Library group, whose present President is Arthur Magill, and its dedicated Board of Trustees, headed by Dr. George Mackey Grimbball.

The library's completed and signed State Aid Agreement on June 16, 1964, was the first received by the S. C. State Library Board. George R. Linder is Librarian.

The S. C. STATE LIBRARY BOARD sponsored the first program in the CARNIVAL OF BOOKS SERIES broadcast over Radio Station WCSC, Charleston, February 1, 1964. Station WIS in Columbia began its series February 4; WSPA, Spartanburg, in March; WJMX, Florence, in July; and WESC, Greenville, in August. During the week of February 10 the Board sent two Recruiting Caravans to visit sixteen senior colleges throughout the state. The members, recent graduates of the Board's scholarship program, spoke to those interested in librarianship as a career. The caravans were headed by Betty E. Callaham, Gloria Lindler, Sara Henry, Norma Lightsey, Myra Armistead, Mrs. May M. Pourciau, and Ray Peppers.

CARNEGIE PUBLIC LIBRARY, SUMTER, has a Vico-Matic Photocopier installed by the Regiscope Company.

COLUMBIA — Forty librarians of the state gathered here at the University of South Carolina for the first day’s session of the eighth annual
meeting of the South Carolina librarians association... Presentation of a gavel made from wood in a Florence county school house where the poet Henry Timrod, taught years ago was made by Col. Henry T. Thompson of Columbia for Mrs. H. L. Buck of Florence, the president, who secured the wood and had the gavel made.

Up to 500 enrollment $2.50 per pupil
501-1,000 enrollment $1250 for first 500 pupils + $2.00 per pupil above that number
1,001 and over $2250 for first 1,000 pupils + $1.00 per pupil above that number

MICROCARD FOUNDATION AWARDS TO COLLEGES

Receipt of a grant of $100,000 by the American Library Association from the Microcard Foundation for distribution of materials to one hundred college libraries has been announced by David H. Clift, executive director of ALA.

Each library selected by the Association of College and Research Libraries Grants Committee will receive a package unit including a mark VII Microcard Reader and a number of publications on Microcards. The value of each “package” will be approximately $1,000.

Selection will be made at the December meeting of the Grants Committee of ACRL and results will be announced in January 1965.

The Association of College and Research Libraries is a division of the American Library Association.
PLAGUED BY MOLD AND MILDEW?
Library Offers Solution

One of the most frequent questions being fielded this summer by the reference department of the Richland County Public Library is how to cope with mildew and mold on books.

High humidity and temperatures have made this a pressing problem for many home owners, according to the librarians.

Research into their professional periodicals has brought forth a solution for people who have found their books and other possessions being impaired by mold or mildew.

This is the system which has been tested at the Duke Hospital Library:

A formula of 10 grams of thymol crystals, four grams of mercuric bichloride, 200cc. of ether and 400 cc. of benzene has proved a preventive of mildew as well as a remedy.

It may be applied with a sponge or small dish mop and dries almost immediately without leaving a precipitate or changing the color of the bookbind. The odor vanishes quickly.

The solution is highly inflammable and must be kept away from cigarettes or fire.

To protect the hands while applying the chemical, it is best to grasp the pages of the book without touching the binding.

It is estimated that each book can be treated in about 30 seconds.

This formula is also effective in preserving leather albums and luggage.

LTP ANNOUNCES NEW INFORMATION SERVICE

Chicago — Beginning in January, 1965, the Library Technology Project of the American Library Association will publish an information service on a subscription basis. To be called LIBRARY TECHNOLOGY REPORTS, the service will cost $100 a year and will include six REPORTS annually on library equipment, supplies, and systems. The Council on Library Resources is underwriting the early stages of the service.

The information sheets will be punched for insertion into a standard 3-ring loose-leaf notebook, to be furnished by LTP, so that the librarian who subscribes to this service can have an up-to-date collection of LTP's reports in convenient form. The materials will be arranged according to categories of LTP study areas and guide-separator cards will enable the librarian to insert the several items in LIBRARY TECHNOLOGY REPORTS into their proper places in the binder as they are received.

These bi-monthly reports will include, among other features: results of LTP studies (exclusive of the Project’s major numbered publications), abstracts of significant current literature in library technology, answers to questions of general interest submitted to LTP's regular information service, and news of LTP programs.

The new service is designed to help a librarian: Save money by selecting the most efficient and economical product or system for his library, based on the reports. Save time by letting LTP do the searching, testing, and evaluating for the library. Avoid costly mistakes by reviewing the best, most up-to-date information about equipment and supplies before making a purchase.

Subscribers to LIBRARY TECHNOLOGY REPORTS can be assured of receiving, on a regular basis, information covering the full range of LTP’s activities.

Librarians should write to LTP, 50 East Huron St., Chicago 60611, for a sample issue of LIBRARY TECHNOLOGY REPORTS and a brochure describing the service in detail.

A. L. A. COUNCILOR’S REPORT

By Robert G. Tucker

The 1964 convention of the American Library Association met in St. Louis, Missouri, June 28 through July 4 in a heat wave that was as oppressive as that at Miami Beach two years ago. Your councilor attended both meetings of Council and the membership meeting which followed the second Council meeting. The only business not of a routine nature was a resolution introduced by Mr. E. J. Josey, Librarian of Savannah State College in Georgia, which read, in its final form: “I move that all A.L.A. officers and A.L.A. staff members should refrain from attending in their official capacity or at the expense of A.L.A. the meetings of any state associations which are unable to meet fully the requirements of chapter status in A.L.A.” In the discussion that followed, it became clear that an officer of A.L.A. had attended a meeting of the Georgia Library Association, which is not a chapter of A.L.A., and which does not accept Negro members. In statements made from the floor, it was pointed out that President Johnson had signed the Civil Rights Act into law the day before and the new climate in race relations that should now develop should soon make it possible for these former chapters to resume their chapter relationship. The majority, however, was unwilling to delay taking action to remove Mr. Josey’s grievance, and his resolution passed by a large majority. I favored delay to see what will develop before the Detroit meeting in 1965, although I recognize that I probably would have felt as aggrieved as Mr. Josey had I been in his position.

Rather complete reports of the St. Louis meeting have appeared in the ALA Bulletin and the Library Journal and doubtless in other places. I suggest that you read them for additional information.

I attended few other meetings and found them generally dull, possibly because of the unpleasant weather. But St. Louis was a good place to visit new library buildings. Washington University and St. Louis University both have new buildings and Southern Illinois University, only about ninety miles away at Carbondale, has recently built a large addition to its building. All these are interesting and quite different from one another. The public library building is an interesting, monumental building of earlier era. All repay the time taken to visit them.

To one who has never visited St. Louis, may I recommend a visit to the Climatron at Shaw Gardens? It is the most fabulous greenhouse I have ever seen. It alone is worth a trip to St. Louis.

It has been a pleasure to serve as your representative on the A.L.A. Council for the past four years. I know that Mrs. Thompson will make you a good representative for the next four.
