Maritime Conference Awards

By Carl Naylor

For licensed hobby divers, rewards come in many forms. Usually this means a collection of artifacts or fossils (all properly reported and conserved, of course). But for Michelle Mantooth and the Pee Dee Recovery Group, reward came in the form of recognition at the 1996 South Carolina Maritime Archaeology Conference held in September, 1996, at Fort Johnson Marine Resource Center near Charleston.

Michelle Mantooth of North Charleston won the award for Best Presentation at the conference for her talk on the Limerick plantation located on the East Branch of the Cooper River. Michelle has been diving the area for some time, and as a result became interested in the East Branch in general, and Limerick plantation in particular. Her presentation included a history of the plantation, its owners and activities, and an analysis of the artifacts that she has collected from the river near the plantation.

The Pee Dee Recovery Group won the award for Best Exhibit at the conference. Their exhibit featured the artifacts they have recovered from the area of the Mars Bluff Confederate Naval Shipyard on the Pee Dee River near Florence, and the work they have done in recording, not only the underwater portion of the shipyard, but the land component as well.

The Pee Dee group consists of Ted Gragg, Connie Gragg, Bob Butler, Deborah Coates, W. L. Clemmons, Amy Clemmons, Ronnie Summerville, James Wasson, Richie Sasser, and Holly Sasser. The group is presently conducting their research of the Civil War site under an Intensive Survey License issued by the Institute.

Other exhibitors included Lee Spence on his Civil War research, Lou Edens from Shem Creek Maritime Museum, Robin Denson on Florida’s prehistoric underwater archaeology, Ron Anthony from the Charleston Museum, Michelle Mantooth on Limerick plantation, and Doug Boehme on bottle typology in South Carolina.

The maritime conference was split into three sessions: Avocational Archaeology Research, Special Presentations on South Carolina Maritime History, and Opportunities in Avocational Archaeology. The maritime conference was held in conjunction with the 5th Annual South Carolina Archaeology Week and was sponsored by the Sport Diver Archaeology Management Program of the Underwater Archaeology Division at the South Carolina Institute of Archaeology and Anthropology.
