TWO-YEAR COLLEGE LIBRARIANS TO ORGANIZE

The librarians and those interested in libraries at the 26 public and private 2-year colleges (5 private, 5 branches of the University of South Carolina, 16 Technical Educational Colleges) are organizing a 2-year college section within SCLA. It is felt that such a section would address itself more specifically to matters concerning 2-year colleges. After the required 50 signatures are obtained, a request will be submitted to the Executive Board to form the section. An organization meeting to be held during the annual convention in October is being considered. Anyone interested in helping organize the 2-year college section or in signing a petition call or write Marty Pautz, Learning Resources Center, Greenville Technical College, P. O. Box 5616, Greenville, S. C. 29606—Telephone 242-3170, Ext. 321.

Standing Committee Reports

Publicity & Awards Committee: Activities of the Committee continue to center around plans for the Grolier exhibit. John Landrum and Ilene Nelson met with the ALA National Library Week Committee in New York at ALA to report on SCLA's executive of the award proposal. Specifications for building the exhibit are being compiled and will be made for ALA and SCLA.
Local committees have been formed and instructed in working with the Grolier exhibit at the Florence, Anderson, and State Fairs.

Special Committee Reports

Handbook Revision Committee: Paul Dove, Chairman of the Handbook Revision Committee, submitted a 47 page revised statement of the Handbook for approval by the Executive Board. The Committee has worked steadily for several months in preparing the revision. It is their suggestion that the new edition be printed in a loose leaf format to more easily accommodate future changes that may be necessary. The Committee will meet again to incorporate changes that are requested.

The President will appoint a local committee from the Executive Board to review this Committee's work and approve the finished product for the Board.

Archives Study Committee: John Landrum passed around copies of the Committee's report and stated that as background, the Board should be aware that the Association records had been housed at Caroliniana, USC, since the 1950's. Records before that period have disappeared. The Study Committee makes the recommendation that the material at Caroliniana be moved to Winthrop College provided satisfactory contractual terms may be worked out whereby they will accept and organize the back records. This proposal is made because the South Caroliniana Library has neither the time nor the staff to organize the records. It is further recommended that current records continue to be housed at the Caroliniana Library, and that the President appoint a historian to organize the records deposited annually.

1981 Convention Committee: Dennis Bruce reported that major plans and commitments are virtually complete for the NC/SC Joint Conference. Necessary arrangements and agreements have been made with hotels and convention facilities in Charlotte.

A tentative agenda for the convention was handed out. Comments, feedback and reactions are welcomed and every possible consideration be given to requested changes.

New Business: The President suggested that the December Board meeting be cancelled due to the in-coming Board's early January meeting. Arguments against having the December meeting included additional financial burden to the Association for travel expenses, the usual lack of a quorum of members to transact business, confusion between in-coming and out-going representatives on voting privileges, and having a meeting where little business was brought up. Since this would make publication of the final issue of NEW & VIEWS unnecessary, there would be additional incentive in saving those expenses.

The meeting was adjourned at 12:34 p.m.
